EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: The dependency of claim 45 has been changed to depend from claim 44 since this is the only preceding clothing claim.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach, disclose or fairly suggest a composite insulation material comprising a syntactic foam with aerogel inserts embedded therein wherein a surface thereof contains incisions and/or indentations in combination with all the other limitations in claims 1 and 60. The examiner is relying on the applicant's arguments on pages 11-13 in the response filed December 12, 2005. In addition thereto, the reference to Harrison et al teaches the corrugation or other surface patterns referred to by the examiner in the exterior layer 28, which is not the foam layer 26.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
